

2.1P: In Person Check-in 1 – Answer Sheet

1. Briefly describe your prior experience with programming.

Not really good but I can handle with writing functions.

2. Based on what you have seen so far, what do you think will be most challenging about this unit?

It would be putting what I am going to learn about OOP concepts into practice

3. What can you do to prepare yourself for that challenge (resources you can use, approach to studying etc.)?

I have to push myself to learn by heart so that I can obtain more knowledge as well as skills needed for me for the far sight. But now what I need to prepare is an energetic attitude in learning to master OOP concepts

4. Is there anything you think the teaching staff should know to best help you this semester?

No, I think they are doing good
